Grades: 9 through 12

Time: Thursdays, 9:00-10:30 am (Eastern Time)

Cost: \$550 or two payments of \$225 each.

From pirates to perfume and Caesar to salvage, this tutorial promotes thinking clearly and writing well! Designed for students who want to focus their efforts on enhancing their writing and composition skills, *Write Well Solutions* incrementally builds student's grammar and vocabulary skills within the context of writing. *Write Well Solutions* introduces students to IEW's newly launched *Structure and Style® for Students* curriculum and pairs it with its award-winning *Fix-It! Grammar* series to create a comprehensive approach to communicating with confidence and clarity.

In addition to exposing students to all nine units of the Structure and Style method, this course refines students' response to literature by teaching them how to decipher and respond to a variety of literary prompts. Combined with its practical guidance for crafting university application essays and approaching timed writing essays like those featured on the SAT, *Write Well Solutions* successfully develops students' art of language and language arts skills.

Students in *Write Well Solutions* participate in a private virtual classroom in which [IEW® Accomplished Instructor, Ericka McClelland](#), guides them through their weekly assignments. After class, students download their weekly 4-day assignment schedule and customized checklists required to complete the week's assignments. Once completed, students upload their work to their Google docs folder shared with Mrs. McClelland. Students receive weekly personalized feedback on each completed assignment.
